the innovators dilemma pdf -

Mon, 30 Jul 2018 03:04:00 GMT - In business, a disruptive innovation is an innovation that creates a new market and value network and eventually disrupts an existing market and value network, displacing established market-leading firms, products, and alliances. The term was defined and first analyzed by the American scholar Clayton M. Christensen and his collaborators beginning in 1995, and has been called the most ...

Mon, 13 Aug 2018 16:16:00 GMT - Beyond discovery-oriented biology lies the actual development of marketable diagnostics and therapeutics. In the commercial realm, most of the value ascribed to genomic and proteomic technology and data is tied directly to the pharmaceutical industryâ€™s ability to translate that information into such products.
