Wed, 15 Aug 2018 06:41:00 GMT - A cactus (plural: cacti, cactuses, or cactus) is a member of the plant family Cactaceae, a family comprising about 127 genera with some 1750 known species of the order Caryophyllales. The word "cactus" derives, through Latin, from the Ancient Greek ἰκτίς, ἰκτίς, kaktos, a name originally used by Theophrastus for a spiny plant whose identity is not certain.
